

27th Annual Molecular Parasitology & Vector Biology Symposium

Thursday, April 27, 2017

Special Collections Library, University of Georgia, Athens, GA

Symposium Highlights:

- Poster Presentations
- Full Catered Lunch
- 12 Talks from top graduate students & senior researchers
- Keynote Address by Dr. Rick Fairhurst, NIAID

The Molecular Parasitology & Vector Biology Symposium is a day-long interactive conference on parasites and host/parasite interactions. This regional symposium routinely draws 150+ attendees from many departments at UGA and colleagues from other institutions in the southeast.

This year's symposium will include talks and poster presentations from graduate students, postdoctoral fellows and leading researchers and concludes with a keynote address by Dr. Rick Fairhurst from the Malaria Pathogenesis and Human Immunity Unit, NIAID/DIR.

**Abstracts Due:
Thursday, April 13, 2017**

This event is free but registration is required. For more information visit:
